Fashionable Voice Evacuation System Speaker RH-MS85

The [RH-AUDIO](#) Fashionable Voice Evacuation System Speaker RH-MS85 comes with unique and outstanding appearance design, this pa loudspeaker employs unparalleled 2 way speaker system with typically 8 Ohms low to middle frequency 4 inch driver and two 2.5 inch tweeters. Like the other constant-voltage speakers the RH-MS85 is also built in a step-down transformer to match the divers' impedance.

The [digital evacuation](#) is perfect for commercial sound projects where lots of speakers are required at various points around the area for general announcing, public address, background music and vitally important fire/evacuation messaging.

The characteristics of [evacuation speaker](#):

- ※ Rated power 30W at 100V.
- ※ 2-way wall mount speaker system.
- ※ Built-in 100V transformer.
- ※ Woofer 4" and tweeter 2x2.5" speaker unit.
- ※ Built-in 100V transformer (this technique of line input 100V reduces signal losses on a longer distance and allows easy parallel connection of multiple loudspeakers).
- ※ High quality ABS enclosure, metal grille and bracket, black and white available.
- ※ Fast installation by U shaped stainless and rotatable mounting bracket could be adjusted at request.
